Contractor John B. McDonald Informs Rapid Transit Commission that He Will Turn the Tunnel Over to the Interborough Company by Aug. 1.

Announcement Gives Great Satisfaction to the Board, Whose Members Had Expected that There Would Be a Long Delay in Completing the Work.

The long looked for announcement of the absolute completion of the rapid transit subway, which the general public had begun to think would not come until the late fall, was made to-day to the Rapid Transit Commission by Contractor John B. McDonald.

Mr. McDonald was warmly greeted by the Commissioners. Several of them expressed a desire to see the subway, and at Mr. McDonald's invitation a tour of inspection will start from the City-Hall station at 1.30 o'clock next Tuesday afternoon.

"Have you anything to tell us about the progress of the work?" Mr

"Yes, sir," said Mr. McDonald. "The tracks will be ready and clear for the operation of trains from One Hundred and Fiftieth street on the west side to the City Hall and Ann street, and from One Hundred and Forty-fifth street on the east side to the City Hall, on Aug. 1. "GREAT NEWS," HE SAID.

"That is great news," said Commissioner Smith. "Will all the sta-

"A little work will be left on some of them, but nothing that will interfere with the operation of experimental trains."

'How long a period of the experimental service will it take before the trains will be in operation?" asked Comptroller Grout.

"That is a matter for the operating company to determine," Mr. Mc

early completion of the subway work, and Mr. Orr expressed the opinion that it would be several months before trains were running. Mesers. Rives and Boardman, counsel to the Commission, talked of compelling the contractor to live up to his contract, which calls for a completion of the work by Aug. 21, and searched the contract instrument for some section that should authorize them to collect a penalty

## THIS IS HIS ANSWER.

Mr. McDonald promised at the time to answer the implied censure at the Commission's next meeting, and his statement of to-day is his answer. There is still much work to be done before the entire road as planned is completed. Mr. McDonald himself estimates that all the work will not be done inside of four months. The delay is not in his part of the work. but is due to the failure of the legal end of the oCmmission to come to terms with the New York Central authorities.

The subway tunnels, the Mott Haven yards of the company at One Hundred and Forty-fifth street, and negotiations for the subway right of way lasted nearly three years and were compromised only when the contractor was bound to work only at night, between midnight and five o'clock

is complete to Bronx Park, including a connection at Third avenue and tre Hundred and Forty-ninth street with the "L" system, and thence to the City Hall. The Harlem River tunnel is practically completed, but is not

(Special to The Evening World.) ST. LOUIS, Mo., July 14.—Ned Hanlon's unfortunate baseballists from Brooklyn, who have encountered a losing streak since they began their present Western trip, came to the Cardinals' grounds again this afternoon, where hey tackled Charley Nichols's outfit in the third game of the present series.

Manager Hanlon is very much die pleased with the showing his team has been making, and with the hope of breaking their losing streak he decided to let Virgil Garvin, his elongated twirler, do the pitching against the locals. Garvin has begun to pitch good ball, and Haulon figured on his team taking the game. Nichols, on the other hand, could not see where the Brook lyns have a look-in for any of games while they are here, and ready claiming a clean sweep of series.

Brain chucked Sheckard out, a fas-play. Bubb took three bases on Burke' wild throw. Bergen tapped to Burk and Babb was nailed at the plate. Mc-Cormisk lined to Jordan. NO RUNS, Barclay fanned. Burke elevated to Dobbs. Zearfoss rolled to Dillon. NO RUNS.

Jordan reached first on Farrell's fum-ble. Jones sacrificed, Nichols tossing, Dobbs safe on Burke's wild pass.
